Learn it right is the first section (Immerse Aquatics)

Text all editable.

there are several occasions where swimming skills make all the difference. That's why it's important to Learn It Right—to build a strong foundation of strokes and techniques. So you'll not only swim efficiently, but also enjoy your time in the water. Swimming is, after all, more than just about getting from point A to B.

#### Active Learning

With Immerse Aquatics, you'll never have to worry about clueless swimming coaches who don't know

#### Proper Stroke Technique

In swimming, having strength and endurance isn't enough. Only with proper techniques can your every

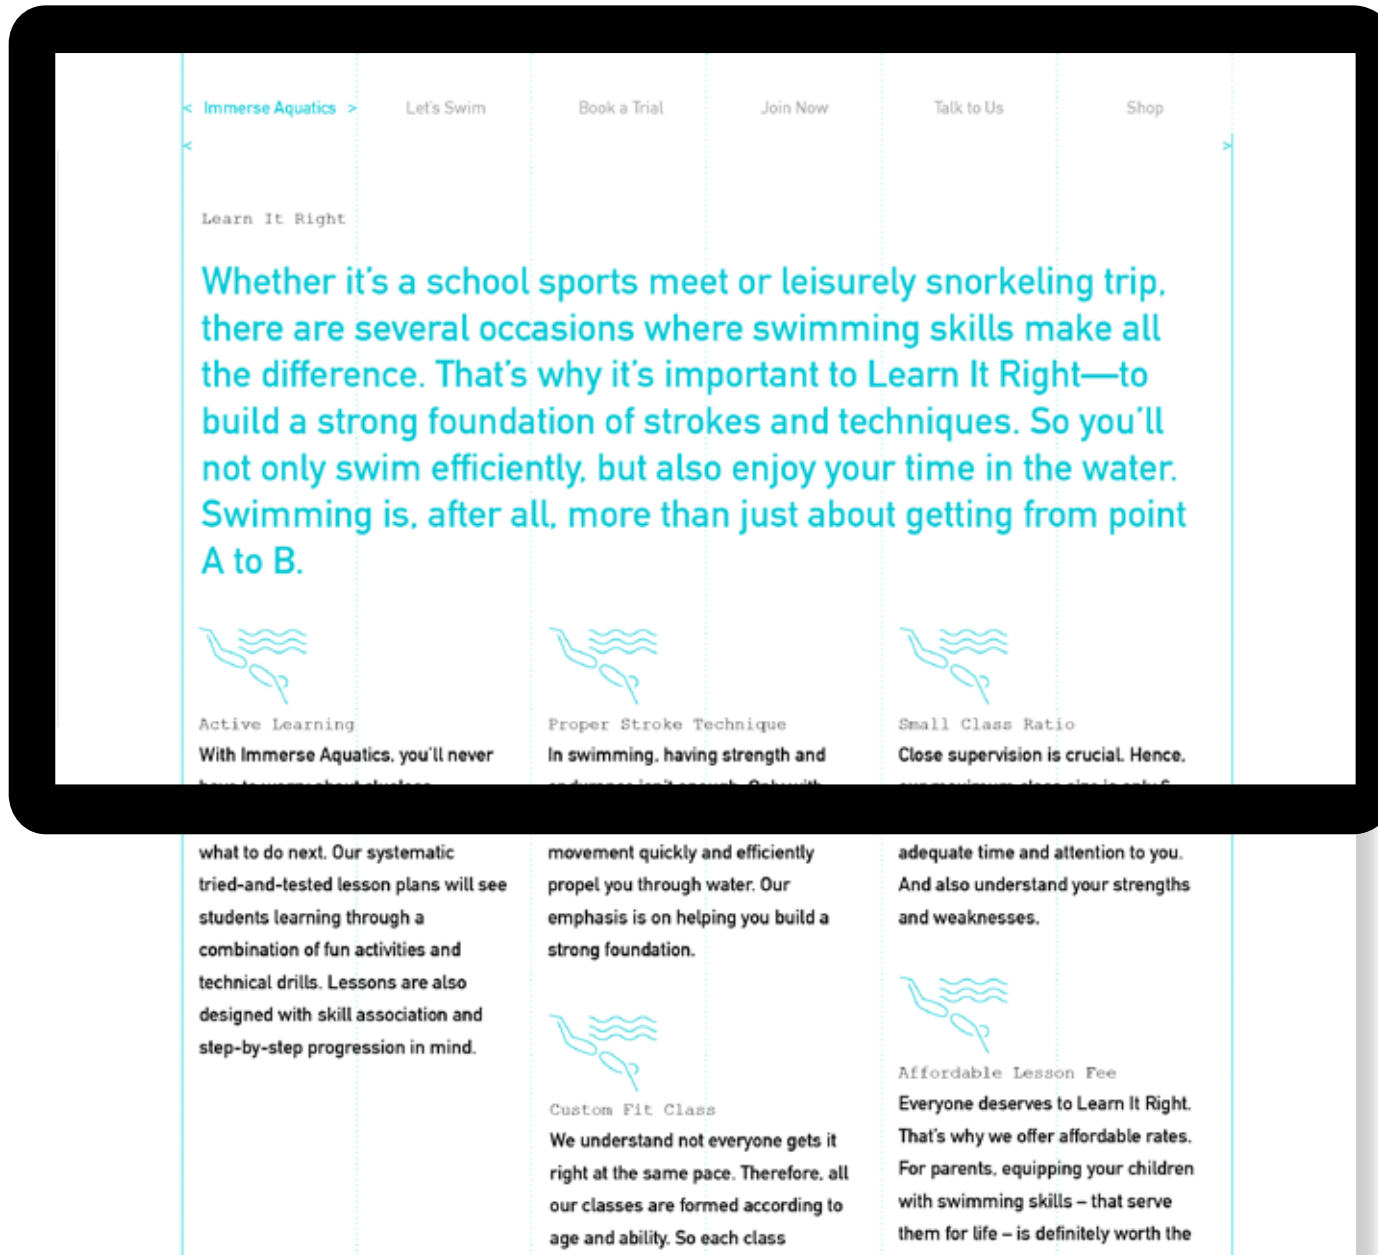

#### Small Class Ratio

Close supervision is crucial. Hence, our maximum class size is only 6. Your coach will thus be able to devote

**Classes**

We couldn't have asked for a better swimming instructor for our girls. They felt at ease with the coach and this makes them look forward to classes. The coach is good with children, patient and friendly. He paid individual attention when needed. We are happy with the results. The coach took pains to make sure her strokes are correct, which we feel is important. And all these were accomplished with no shouting and screaming!
